Ratnesh Patil

FRONTEND DEVELOPER

Profile

Front End developer with over 2 years of experience. Designed and developed 10+ fully responsive static and dynamic websites from scratch with mobile first approach. Excellent knowledge of UI design process and prototyping tools such as Adobe XD & Figma. Roll up your sleeves attitude to work on different technology stacks to provide best solutions.

Employment History

Application Development Analyst, Accenture, Pune

OCTOBER 2019 — PRESENT

- Worked as a frontend developer to build UI of a streaming application based on given wireframes. Used React, Redux and MUI.
- Analysed and resolved customer issues for digital streaming service application. Performed analysis on customer session logs data using tools such as Splunk, EFK and Oracle SQL Developer to find root cause of the issue and suggested workaround to resolve it within SLA time.
- Escalated critical incidents to client manager and dev team. Provided weekly incident trend reports to client manager.
- Performed daily validations and health checks on application servers to ensure smooth working of application.
- Planned and performed quarterly patching on application servers to meet security compliance.
- Developed python scripts to automate report generation.

Web Developer, vInnovate Technologies, Pune

JANUARY 2019 — OCTOBER 2019

- Designed, developed, and managed full-stack websites for clients of domains such as education, hospitality, health & food using PHP, HTML, CSS, Bootstrap, JavaScript and MySQL.
- Successfully lead team of 3 developers to deliver high quality solutions as per clients requirements.

Freelance Web Developer, Pune

OCTOBER 2018 — JANUARY 2019

- Designed and developed fully responsive static & dynamic websites for clients.
- Developed admin portals to update and manage content on dynamic websites.
- Deployment and maintenance of websites after delivery.

Projects

- Kirans Creations Website - Website for design studio based in Nashik
- The Goldys Fitness - Website for gym based in Jalgaon.
